Dear Pat:

First of all, congratulations on your coming network affiliation. All the luck in the world for the future, and don't think that your northern brethren don't envy such an arrangement. Any reports on problems encountered and successes achieved in the network programming would be appreciated, if you have a free moment after everything gets under way.

I realize that you must be pretty much weighted down arranging for the opening, but I thought I'd get in touch with you in plenty of time so that arrangements could be made. We were wondering whether or not a group of you girls would be interested in coming up to Hanover to put on an evening's broadcasting here at WDBS, much in the manner of our trip a couple of months ago.

As you probably know we are having vacation in a week, and also are in the throes of directorate changes right now, but the dates that seemed most logical from our point of view were either the fourteenth or fifteenth of April, the fourteenth seeming superior as it is a Friday night and the audience would be better.

If you are interested and could make it that weekend, we will, of course, be able to make arrangements for rooms and, if necessary, dates for the girls.

Let me know if this would be at all possible, and we can work out the details at a later date.

Again, the very best of luck, speaking both personally and for WDBS, in the Pioneer Broadcasting System.

Yours very truly,

John Gambling
